><p>Lucy's POV

"Hmmâ€|Hmmmmâ€|MMM!" I hummed unlocking my door.

My name's Lucy, your average high school girl with no exciting traits, just long blonde hair, I was a pretty Plain Jane, stick like in shape, barely having a B-cup or any ass to speak of and I was also unpopular with most boys. Today I even wore a green tank top and short jean shorts and no one noticed me at all.

"Romeo I'm home!" I called out to my brother as I entered the house.

My little brother was sitting right in front of the TV, so close he'd hurt his eyes.

"Cheerleaders all have huge you know what's." The TV said.

"So are Mom and Dad-." I started to speak but stopped when I saw the TV.

On the TV was just a giant pair of cartoonish bare breasts.

"What the fuck are you watching?!" I yelled.

"Uhhhâ€|" he turned away.

"Well?" I put my hands on my hips.

"Well..." My little brother said with a dumb smile.

"You just sit there or are you gonna explain that?" I asked.

I leaned forward to give him a stink eye when I felt a strange weight near my center of mass.

"WHAT?!" I gasped when I looked down and saw my chest, my boobs were huge, like cantaloupes.

In his hand, that's not the remote of our TV, is that what's making me grow._

"Stop it!" Romeo yelled as I tackled him trying to wrestle that remote away.

"Let go you brat!" I yelled as we accidentally pressed a button.

"HAAAAA!" I screamed as my top gave way and my tits ripped through it.

"OHHHHH!" I moaned as my whole body heated up and I got super horny.

I yanked the remote free and ran to my room, my now huge chest smacking around with each step. I got in, looked the door and laid on my bed.

"OHHâ€|ohhFAAâ€|" I moaned as my mind went blank and I just started fingering myself "FUUUKKK OOOHHH GODDD!"

"OHHHHHH!" I screamed as my fingers couldn't go in any deeper and I came in a violent orgasm.

"haâ€|haâ€|holy shit." I said in a daze before taking my shorts off and slowly rubbing my pussy for what felt like hours, pinching my clit and fingering my hole.

I masturbated for a while until I finally calm down.

"Uhâ€|what happenedâ€|" I sighed before seeing my sticky fingers "wowâ€|"

I pushed my hands down on the bed to stand up when I must have hit that remote, a red light beam shot out and hit my sneakers, transforming them into neon blue high heels.

"Oh my god!" I looked down at my nearly watermelon sized tits "It was real?! Romeo! I'll kill that brat!"

Still I had to figure out what this remote was for so I closed all my blinds and but on some new clothes, my panties were soaked from my

masturbation and I needed a top to hold my tits till I could figure them out. I put on a oversized blouse but struggled to button it properly and quickly threw on some new panties. I tested the remote slowly figuring out what some of the buttons did.

"I think I've figured out what happened." I said adjusting my reading glasses.

I pressed the button and I felt my body heat up and my vision blur.

"OHHH!" I moaned as I leaned back, taking a deep breath and having the buttons fly off my blouse.

"I can't!" I moaned "I have toâ€¢|OHHHAAA!"

Still in my desk chair I shoved my hand into my panties and went to town for a half hour or so.

"Phewâ€¢|" I panted in my chair, my head still spinning from my climax "Okay, the volume horn means hornyâ€¢|need to shrink these boobs, then call Erza, she's gotta see this."

"Lucy give it back!" Romeo banged on my door "I found it first."

"Ugh." I groaned.

I walked over and opened the door before pressing a button.

"Pause." I said freezing him in time.

With my brother now frozen I put him on his bed and picked up the phone, dialing the number of my best friend.

"Hey Erza?" I smiled when she picked up "Can you come over after dinner? It's really important."

Erza said sure and I began to prep for her arrival, I shrank my tits down to a more average size, bigger than I used to be but I no longer had watermelons hanging off my chest. I pulled a tight white t-shirt over them and then zipped a skit jacket up to keep them hidden so I could surprise Erza.

My bestie arrived shortly after.

"Hey Erza." I said letting her in

Erza and I had been friends since we were kids, while I had grown up as a Plain Jane, Erza ended up a little pudgy, with a bit of a cut, short red hair that reminded me of a man's bowl cut, just less bowl shaped. Tonight she was wearing a frumpy blue top and a purple flowered skit that went down to her ankles.

I let Erza into the house before closing and locking the door behind us.

"What's so important?" Erza asked "And what's with the jacket it's like 80 degrees out."

I reached up and clasped the zipper on my jacket "You have to see this."

"Tada!" I said showing her my swollen bust.

"What?" Erza gasped "Implants?"

"In the two hours since work, yeah right." I laughed.

"Explain." Erza said sitting on the couch "And then tell me how I can get a pair like that."

I showed Erza the remote, telling her it was magic and gave me bigger boobs.

"Here I'll show you." I said pressing the buttons.

"Soâ€|?" Erza tapped her foot.

Instead of huge boobs Erza's short hair grew into long flowing red locks.

"Oops wrong button." I smiled "Here we go."

I clicked up and saw Erza's chest being to rise, but she didn't seem to notice at first.

"Well?" she asked.

"Ahem." I pointed.

"WHOA!" Erza gasped as her breasts surpassed mine in size.

I made Erza grow until her tits ripped through her top.

"So, wanna help me see what the other buttons do?" I smirked "You're gonna love the horn button."

I zapped Erza with the horn button and laughed as she was unable to contain her carnal needs. After she finished playing with herself my parents got home, I paused them like I did my brother and Erza and I got to work experimenting, pause, unpause, orgasm, we were going to need to be careful. In the end Erza and I altered our bodies and outfits for a while.

Erza changed her body to be a thin one contained in a tight little black dress, I made myself a little bustier, lengthened and brightened my hair so it was blonder and even changed me face a bit to look more mature, my nose job felt weird but looked good. I also changed into a cute blue bikini.

"Damn it's a shame we graduate this year." Erza sighed looking in the mirror "We're smoking hot, cheerleaders for sure."

"Forget that, after I graduate I'm going out for one of those TV idol shows." I smiled.

"Why wait that long let's go have fun now." Erza turned and smiled "Let's go out clubbing!"

"Clubbing?" I asked.

"Yeah we can go out and meet some guys." She laughed and spun the remote in her hands "We can even grab some extra-large condoms."

"You're not still under the effect of the horny button are you?" I asked.

"No, get real." She said aiming the remote and giving her tits a boost in size.

"Well you sure looked like you enjoyed it." I giggled.

"You're confusing it with the orgasm button." She said pointing the remote at me "That was wild."

"Wait, don't you dare-."

Click

"OHHHHHAAAAA!" I moaned as I fell to the floor, a powerful orgasm rocking my body.

"See." Erza said crouching down to look at my blushing face "Imagine what it will be like for real, it's a good think we're froze your parents that was a loud one."

"Ughâ€|" I groaned, my head spinning in pleasure.

I got up and laid on the bed, fixing my bikini top as I came down off my high.

"No one will recognize us." Erza smiled sitting on my bed "So grab a dress, we'll sup it up and we can have some fun! With this remote we can do anything."

"What about finding out about the rest of the buttons?" I said.

"We can do that later." Erza said pouting her plump lips "Look at us, we could have any guy we want and there's even a pause button of the nasty ones."

"Yeahâ€|Yeah you're right!" I smiled "With that remote nothing can go wrong!"

I grabbed a dress and Erza and I made it more accommodating to my new form, I even decided to puff up a few cup sizes before going to the club, we looked old enough so they just let us in and before long I was on the floor dancing. The guys seems to like me, or at least liked my boobs.

I looked over and saw Erza talking to some man while I danced with a boy named Natsu.

"That guy?" I asked "he's okay right."

"I don't know I haven't seen him before." My dance partner shrugged.

Well Erza's a smart girl I'm sure she'll be fine.

><p>Erza's POV

Lucy was out on the floor dancing and I was at one of the tables chatting up a cute guy, he had long blue hair and this weird tattoo on his face.

"Yeah I graduateâ€¦ Err graduated a few years ago." I giggled feeling the buzz of my drink rushing through me "Now that I'm old enough to drink me and my friend Lucy came here for some fun."

"So why aren't you dancing with your friend?" he asked.

"Cause we're straight." I hiccupped "I came to meet some cute guys and have some fun."

"What kind of fun did you have in mind?" he asked playing coy.

"Oh you know, party a bit, maybe fool around." I smiled.

"You are my kind of girl." He smiled "Another drink."

"Yes please!" I smiled holding my glass out "But how about I pay this time."

"I couldn't-."

"No it's my turn." I smiled flashing a little cleavage.

I just want to get you drunk enough to fuck me.

While getting some money out of my purse I saw the remote and opted for a little fun, under the table I aimed it towards his crotch and clicked the up button, noticing the man look a little confused.

The waitress placed my pink martini down but when I went to put the remote away I bumped the table and spilled my drink and the remote.

"Whoops." I giggled.

My 'date' went to pick up my spilled belongings.

"Umm be careful with that." I said.

"What's it for?" he asked picking up the remote.

"Duh it's a remote silly." I rolled my eyes.

"I could see that." He sighed "But what's with all the up arrows and the symbol like breasts, and this eyeball one."

"I Dunno, but don't press-." There was a flash of red light and I felt blank.

Iâ€¦can't speak but I can feelâ€¦is thisâ€¦some kind of mind control?

"Uhh Hello, Erza you there?" the man asked.

"Yes Jellalâ€|" I said in a flat tone.

I didn't say that!

"Are you okay?"

"Yeahâ€| just a littleâ€|dizzy." I said frozen in space.

"Yeahâ€|" he said poking my shoulder "Bark like a dog."

"Woof!"

Why did I do that, I'm doing whatever he says!

"Erza what does this do?" he asked reaching across the table to poke my boobs.

"Lot's a stuff." I slurred "Taller, bigger boobs, nose jobs."

"Interesting." He said inspecting the remote and chanting the hair of the people at the next table "Who are you."

"Erza Scarlet, eighteen years old." I said flatly "And that thing turned me from ugly and fat into a sexy beauty."

No don't tell him that!

"So what, are you likeâ€|hypnotized?" Jellal asked.

"Yes."

I am?!

"Say yes Master."

"Yesâ€|Master."

><p>Lucy's POV

"I'm beat." I said as the song ended "I'm gonna go freshen up I'll meet you back at the table." I told Natsu.

I put my glasses on and started to walk away.

"Actually I should find Erza first." I hummed.

"Hmm?" I looked around and saw something "Huh?"

Erza was no longer at the table she was before, her drink had been spilled and the man she was with had the magic remote.

"Shit." I hissed.

Suddenly I saw under the table, Erza was there with her dress hiked up, fingering herself while giving that stranger a blowjob.

"Hey stop it!" I yelled running over "Natsu help!"

The man with the blue hair tried to zap me with a laser but I skipped to the side and the beam hit some poor waitress with short white hair.

"OHHH!" the girl moaned as her tits ballooned and she started fingering her self "OH GOD YESSS!"

I slammed into the table, knocking it off balance and toppling it while pulling Erza away from that man.

"Lucy what are you doing?" Natsu asked.

"He got her drunk and-."

"No I'm not!" Erza tried jumping over me to get back to sucking on the man "Sluts love giving head!"

"Stop it Erza!" I pulled her back, hugging her from behind "He used the remote on you!"

"But I'm a slutty slut!" she cried "Master said so!"

"You sick fuck!" I yelled throwing my friend to the ground.

"Oh come on!" I hissed when I saw how stupidly big that guy's dick was.

I grabbed the remote and planned to zap him when Natsu grabbed me.

"I'll take care of him."

"Let me go!" I said as he got the remote "Give it back I'll-."

Natsu dropped me near Erza and clicked a button

I looked at Erza who was rubbing her head, her breasts practically falling out of her dress.

"What did you do to her?" I asked.

Before I got an answer I saw a flash of red light and knew I was locked into my own mind.

"Hello?" Natsu asked "Lucy can you hear me?"

"Yes Natsu." I said staring off blankly, unable to move.

"This is easy to use." He smiled.

"Yes Natsu!"

"Who are you two and why are you here?" he asked.

"Schoolgirls." I said flatly "Here to pick up cute

guys.."

"Schoolgirls?"

"Yes." I said sternly.

Come on let me out!

"Do you think I'm cute?" he smirked.

"Yes Natsu." I blinked.

"Cute enough to take home?" he asked placing his hands on my stomach and thigh.

"Yes Natsu!"

"Enough to sleep with?" he whispered reaching into my dress to rub my thick thigh.

"Maybe." I said in a haze.

"No, I'm so cute I make you hotter than you've ever felt." He whispered.

"MMMM!" I moaned as he reached in to grab my bare breasts.

I pushed him down ad straddled his waist.

"So cute, so fucking sexy!" I screamed rubbing my butt against his crotch "You make me hotter than the horny button!"

"Hmm?" Natsu groaned as I got his cock out and started fucking him right there, getting railed on the dance floor.

"OHHH!" I moaned as Natsu shot my boobs, making them grow huge, even bigger than this afternoon "MY BOOOBS!"

My tits got so big they surrounded his head and I bounced my ass on his cock.

"More, More!" I begged "FUCK ME!"

Natsu was basically suffocating under the weight of my tits, I grabbed the remote and aimed it back.

"How do you like this?!" I said zapping his cock "OOHHH It's growing inside me!"

I kept riding him, his big swollen dick thrusting into me.

"Ohâ€| Iâ€| YESSSAAOOOOHHHH!" I screamed in orgasm.

This isâ€|incredible!

My tits were huge but quickly shrunk down as Erza and I used the remote to turn Jellal into a limp dicked loser.

"Good riddance." Erza pouted.

"Yeah." I nodded "Now about my boobs, they're a little much don't you think?"

"Yeah you did look silly." Erza said handing the remote to me "I'll take half to lighten the load."

The two of us left, I clicked the button and we slowly developed pumpkin sized knockers.

"You should try sucking cock Lucy you'd like it." Erza giggled.

"Don't worry I got Natsu's number." I smiled "I'm sure I'll get to taste that super cock again soonâ€|still I feel like I'm forgetting something importantâ€|.oh shit my family is frozen!"
